11. Honda Accord Hybrid MIDSIZE <i>2.0L 4 · auto · Tier 3 Bin 30 / LEV-III SULEV30/PZEV · MPG: 49 City / 47 Hwy</i>	58
12. Kia Niro FE SMALL WAGON <i>1.6L 4 · Auto · LEV-III SULEV30 · MPG: 52 City / 49 Hwy</i>	58

* The Toyota Prius earns a score of 59.

Listings with two emissions standards (e.g., Bin 5 / LEV II) denote that the vehicle carries both CA and EPA certification, and Green Scores for such listings reflect the cleaner of the two certifications. Electric vehicle mileage is measured in miles per kilowatt hours (mpkWh). Fuel economy for plug-in hybrid vehicles provided in miles/kiloWatt-hour (kWh) for electric operation and miles/gallon (MPG) for gasoline operation. Vehicle models can have several versions, resulting in different Green Scores.

GREENER CHOICES

These gasoline vehicles score well in their class. They all have automatic transmissions and are widely available in the U.S. For the Greenest and Meanest of 2016, go to greenercars.org
